“Alfred Kerbs is”

Simply is.

An invitation to be..

To look with authenticity. To feel with sensitivity.

To see beyond the obvious.

Because everything has infinite potential for beauty.

We just need to learn to observe it.

Alfred Kerbs

We propose accessible luxury.

For those who see beauty in the subtle.

For those who already know themselves or are ready to discover themselves.

We create to celebrate identity.
We seek to reveal, not impose.

We design to express the essence that dwells in
the invisible.

We are inspired by those who dare to be.

AK

We look to the past to imagine the future.
Nostalgia moves us, intuition guides us.

Between what was and what will be,
we create a visionary present.

We design to transcend time.
Because to be contemporary is to know how to endure.

AK

We are driven by authenticity.

We believe in effortless elegance,
in sensitive rebellion that transforms,
in the beauty of the subtle.

Creativity guides every decision.
Art is our daily language.

We love the invisible: that's where the soul resides.

Each model is conceived as a piece of functional art.

We use the highest quality acetates, Japanese titanium, and finishes that elevate the experience. Design is born from respect for form and intention.

We observe trends without chasing them.

In a world where what seems to
be is not, where doubts cloud
even the essential, we can only
cling to one truth.

We must listen beyond fear and
connect with love.
There we will discover what has
always been.
And a clear, strong, and
luminous voice will emerge:
Be yourself.

That is why we say, simply...
